

IT services Imaging service

inspiring
people

Specialist equipment customised to your needs

Our imaging service allows you to use our specialist equipment, fully adapted to your needs and requirements.

How it works

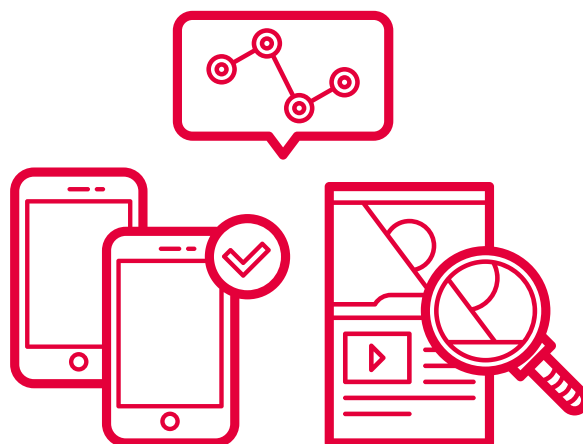

- > We send you a device of choice
- > Your IT department sets it up in accordance with your needs and requirements (software, drivers, etc.)
- > You send the fully equipped device back to us
- > We image (copy) your settings to all the other devices you have ordered
- > We install and test all devices on site

Benefits

- > Easy and efficient
- > All devices set up in accordance with your needs and supplied ready for use
- > Extra devices available
- > Full-service support by experienced and skilled IT specialists
- > Savings on personnel costs and limited transport costs

Making life easy

We provide a complete package of full-service IT products and customised services. Like to know more about our other IT services? Click here www.rai.nl/itservices or ask your account manager for more information: **+31 20 549 12 62**.
